

What are the benefits of doing a Parish Plan?

- The Parish Council can focus its attention on work that is supported by local residents.
- The Plan can be used to support applications for grant aid.
- Bodies such as the Police, County Council and District Council will be able to work with the Parish Council towards achieving the aims.
- Residents will have more idea about the work that goes on behind the scenes and about how their Council Tax is spent locally.
- Community involvement will be increased with a wide range of people being consulted.
- After publication, new "actions" will come forward and can be added to the action plans.
